

IN THE CLAIMS

Cancel Claims 1-17.

Amend Claim 18 as follows:

18. A ceramic film produced by the process of producing a ceramic film on a substrate, said process comprising:

preparing a film-forming fluid comprising a ceramic precursor, a catalyst, a surfactant and solvent(s);

depositing said film-forming fluid on said substrate; and

removing said solvent(s) from said film-forming fluid on said substrate to produce said ceramic film on said substrate,

wherein said ceramic film has a dielectric constant below 2.3, and a metal content of less than 500 ppm.

REMARKS

Applicant is filing this divisional application to further prosecute non-elected Claims 18-26 of the parent application. The fee for filing this divisional application should be calculated after cancellation of original Claims 1-17. No change in inventorship is necessary. Claim 18 has been amended to recite the product by the process of Claim 1 of the parent case, but in independent format, as illustrated in the Addendum hereto.
